Exams and related student course evaluation questionnaires for undergraduate and postgraduate programmes

Like every year, **students course evaluation questionnaires** are available from the end of the first semester and should be filled in online before registering to every exam.  
You can find the questionnaires from the Menu at the top right in the section "Evaluation Tests - Evaluation Tests for Didactic Activities". The red icon (located in the column Questionnaires) indicates that you haven't filled in the questionnaire yet; the yellow icon means that you have filled it in only partially, and the completed it. On the other hand, if you do not see any icon it means that the questionnaire is not available yet or it hasn't been created for that specific teaching activity.  
You will start the questionnaire after clicking on the mentioned icon and then on the button "new questionnaire".  
It is mandatory that you fill in the student course evaluation questionnaire **in order to register for an exam**; in some cases, you should complete **more than one questionnaire** as the teaching activity may be made up of different modules.  
  
For further technical problems or doubts please write an email to [customer.student@unim.it](mailto:customer.student@unim.it)  
  
Thank you very much
